# Super Shopping Center For Lakeside

# Lakeside Star

Vol. X Lakeside, San Diego County, California, Thursday, November 10, 1955 10c Per Copy No. 11

## Large Chain Market, Dep't. Store Included

Plans are already on the drawing boards for a $750,000 shopping center in Lakeside, to be started in March and expected to be completed in time to open for business in June, according to an announcement made last week by the Lakeside Plaza Corporation.

William Starr, principal stockholder in the new corporation and a resident of the Mount Helix area, said recently that the 12-acre parcel of land on Woodside avenue, bounded by Cactus and Julian avenue, and Benedict street had been purchased.

Starr also said that negotiations are presently under way to bring in an established chain supermarket which will be housed in the 17,500 square foot market building. A junior department store and a variety store have already taken leases on two of the anticipated 20 stores in the plaza.

The "archway of trees," one of Lakeside's landmarks, will not be damaged to make the paved parking area for about 750 cars, Starr said.

"Since I am a resident of the foothills area," Starr said, "the decision to bring this plaza to Lakeside should show the great confidence that our company has in the future of the area. I personally feel that Lakeside will soon be booming and that there will be many other businesses coming here."

William Starr is the former president and majority stockholder of the San Diego Padres baseball club who sold his interests to the Westgate California Tuna Packing Company in August.

Mrs. Starr is an accomplished singer and pianist and an active member in the La Mesa Woman's Club.

## Judge Reviews Princess Selection Praises Connie

### 'Choice Easy,' Says Miss Toni Tacoma

"How did you choose the princess from that group of seven beautiful girls?" was the question put to Miss Toni Tacoma, one of three judges that selected Connie Mastorakos as the Cinderella Princess of the Mother Goose Parade at the coronation ceremony in the El Nadadero Club last Friday night.

"Sometimes it can be very hard to make a selection," Miss Tacoma said, "but in the case of Connie Mastorakos, there was little doubt in any of our minds that she was the winner. Connie was very gracious in her manner of presenting herself. She projected her charm and personality to everyone that was present. You could almost hear her say, "I am alive. I am young. I am happy and I'm going to win."

Connie's hair couldn't have been done any better. It fit her personality and added much to her general appearance. The one thing which stood out about Connie more than anything else, was the poise she maintained during the judging—it was mature and adult appearing. It was this latter point that cinched her in our minds. The choice was unanimous with Judges Oscar Meinhardt, David Olmstead and myself.

"The biggest trouble that we all had was in our choice of the Maid-Of-Honor. On the second judging we finally settled on Janice Jowett, with any one of the other five a very close second choice."

Miss Tacoma has been an official in many beauty contests in recent years, having been a judge in the "Fairest of the Fair" contests and a judge for San Diego's entry in the Miss Universe contest. Miss Tacoma now heads the Fashionality Studios in San Diego where charm and grooming are taught to young ladies.

## N. Magnolia Area Under Study For 'No Parking' Ord.

Congested traffic conditions along the western side of North Magnolia avenue between the Mayfair Market and Main street are being studied by the City Manager Noden and Police Chief O'Connor. Submitting an ordinance to the City Council to make this area a no-parking zone to relieve the situation is being considered.

## Bad Check Artist Has Mug Shot At EC Police Station

Paul Ditwaller, formerly of 751 Bradley street, El Cajon, sought for writing bad checks from Eureka to San Diego, has finally been photographed through a trick device in San Pablo.

According to El Cajon Police, a Chinese merchant in San Pablo has rigged up a device at his check-cashing window that photographs the check and the casher's identification cards, and also the person's face.

Last week local police received a copy of the photograph which is being shown to those merchants in El Cajon who may have been victimized by Ditwaller. Several of them have identified his picture.

Any person may call at the police station and see the photograph, police said.

## Sewer Hook-Ins OK In Bostoina Area After Inspection

Residents of Bostonia annexation number one can now make hook-ins on hte city sewer system upon application to the city building department, and the paying of a fee to the city of $25, Eddy F. Quinn, El Cajon Building Inspector has announced.

Quinn warns that all plumbing, in houses which apply for the hook-in, must be brought up to city code standards before the application will be approved.

AN OLD SANTEE LANDMARK was reduced to a heap of smouldering ruins when a fire of undetermined cause flashed through the structure last Thursday morning. Santee Volunteer Firemen and seven pieces of fire-fighting equipment from the State Forestry Service were unable to cope with the flame because it had gained too much headway. According to John L. Bacon, most of the loss was covered by insurance. In the foreground is a portion of the $7,000 feed tank truck, a total loss, purchased only a few weeks ago. Forestry Service men remained on the scene for more than 18 hours to prevent smouldering feed-stock from starting up again. The Santee mill will be rebuilt, Bacon said, but perhaps in another location. —Staff Photo

## Voters Approve Rio San Diego, Elect Directors

Formation of the Rio San Diego Municipal Water District was approved by voters in the area, Tuesday, by a margin of 1,264 to 61. Directors of the new district were elected at the same time.

This election, according to Charles Price of the proponents' committee and a newly elected director, is the first step for the area to insure an adequate supply of water in the future. The next step comes, Price said, when the voters of the Rio San Diego Municipal Water District decide to annex to the San Diego and Metropolitan Water Authorities, perhaps next January.

Directors will be: Robert Webster, Santee; Carl Miller, Santee; Dewey Buckel, Lakeside; Douglas McLain, Lakeside; Charles Price, Lakeside.

Among the proponents of the district were representatives of each of the water-retailing companies in the Lakeside area, and formation of a retail water group in Santee has been discussed by the proponents, the apparent intention being to let the Rio San Diego District act as a wholesaler of water only, and also be an economical means of organizing to build a system for delivering water to the area from San Vincinte Dam, proponents say.

## Connie's Mother Talks About Her Interests, Aims

This is Connie Mastorakos, Mother Goose Parade Cinderella Princess.

What sort of a person is Connie? What are her hobbies and her interests? What ambitions does a Cinderella Princess have?

Connie's mother, Mrs. Chris Mastorakos, found that Connie has four major interests in life.

The foremost of these is the piano. She has been a student of thee instrument since small. She has studied under Carl Dewse for two and a half years. She won a scholarship in music and spent a summer season at College of the Pacific's Music Encampment.

Dancing has been another major interest of Connie's. She has taken lessons in ballet and tap. Now most of her interest in dancing is in the ballroom variety. Her mother claims this had much to do with the poise Connie displays now.

Voice study has also been a great part of Connie's background.

The way Connie's mother put it, she has two ambitions in life and they both center around the University of Southern California. Connie has ambitions to become an attorney-at-law. She wishes to major in music and law at USC. She does not ,however, want to teach music.

As far as her mother knows, Connie has not as yet included thoughts of marriage in her future. She likes to go on dates, and would never think of missing a school dance or a football game.

Connie is a Senior at Helix High School. She is a member of the Helix Choir, Y-Teens, Hi-Steppers, is a Lesser-Dutchess of the Dutchesses, and is a Commissioner of Public Works at Helix.

Connie and her younger sister, Carolee, 8, live with their parents in La Mesa. Mr. Mastorakos is in the retail food business.

## Fire Guts Home On Hahana Road

by Eva Murray

During the absence of both Marge and Ed Nystrom, Saturday afternoon, their home on Hahana road caught fire and was a total loss.

According to Fire Chief Ed Harrison, the fire had been under way for some time before the Lakeside Department was called. When the trucks arrived the fire had already burned through the roof and was a blazing inferno.

Apparently the fire had started in the vicinity of the kitchen and had a good start inside before it broke through the roof where it could be seen by neighbors who called the Lakeside Department.

The Fire Department from the La Mesa Forestry Station arrived just as the Lakeside trucks ran out of water, and furnished additional water. Fortunately, the swimming pool was full of water, which was also used.

According to reports, Mrs. Nystrom was visiting in La Jolla for the day. Mr. Nystrom, the owner of a distributing house in San Diego, was in New York on business.

The Nystrom home was the old Hahana School House, which had been completely remodeled and had been used as a show place during the raising of money for the Grossmont Hospital Auxiliary.

Although an estimate of the damage is not available at this time, it will undoubtedly run into several thousands of dollars.

## Industry Area Tours To Continue At C of C

It took only one ad in the four Southland Publishing Company newspapers, and on the very first day the pup had a new home and a happy new master. Mrs. Breum said that she had many calls, and was well pleased with the results.

## Chase And El Cajon Has Another!

## Two Men Injured In Early Crash

Chase Avenue and El Cajon Boulevard Accident Score Board Since 1953 Still Climbing

|---|---|
| Killed to date | 1 |
| Persons injured to date | 42 |
| Number of accidents to date | 47 |
| Vehicles involved to date | 120 |
| Total property damage to date | $39,460 |
| Accidents this week | 1 |
| Vehicles involved this week | 2 |
| Property damage this week | $ 900 |
| Where will it stop, Mr. State Engineer | ? ? ? |

**An automobile and a truck headed towards an El Cajon intersection at 3:03 a.m. last Monday. It is an intersection where 46 accidents have taken place in the past three years. An intersection where 118 vehicles have been ripped, torn, dented and sometimes smashed into worthless heaps of metal. An intersection where $38,460 worth of property damage has taken place. An intersection where one person has been killed, and where 40 persons have been injured, bled, and taken to hospitals.**

**There was a crash. The truck and the automobile smashed into one another. It was another accident at "Crash Corner," El Cajon boulevard and West Chase avenue.**

**James Burton Perkins, 41, Santee, driving a trash and garbage disposal truck, stopped at the Chase avenue boulevard-stop sign. He pulled the truck out to make a right turn when he was struck on the left front by a 1953 sedan. The car's door post caught over the truck bumper and was dragged 45 feet down the street.**

**The driver of the sedan was Roy Chenney Jr., 22, an employee of the Ryan Aircraft Company.**

**Both men were rushed to Grossmont Hospital where they were treated for minor injuries, and released. Chenney was cited by the El Cajon Police for driving without due caution.**

**Would this accident have happened with a traffic light at the intersection? Would the truck have pulled out on the street with traffic coming from the south, with a light there to guide him? Undoubtedly not.**

**Accidents do happen at this intersection with ominous regularity. How can they be stopped?**

**The answer is the stoplight that the El Cajon Police Department and the City Council have both requested at Chase and El Cajon. The State Engineer's have turned it down TWICE!**

**Do you want to do something about it?**

**If you haven't as yet signed a petition coupon, turn to page 8 and fill it in. Send or bring it to the Record Office, 229 West Douglas street and we'll see that the State Engineer hears your plea.**

## Concert Association Opens Season With Nine French Singers, Pianist

Grossmont Community Concert Association will celebrate the opening of its tenth concert season with an excellent program by presenting nine young French male singers, Les Compagnons de la Chanson, on November 10, 8:15 at Grossmont High School Auditorium. An added attraction will be the young pianist, Emanueline Pizzuto, a pupil of Gaby and Robert Casadesus, who will be soloist on the same program. Les Compagnons provide their own musical background with string instruments, trumpet, accordion, timpani, concertina, and the piano.

Les Compagnons were World War II frontline entertainers in southern unoccupied France. Appearing here on Armistice Eve, their program will be reminiscent of the French Army's entertainment unit under General de Tassigny. It was during their frontline entertaining that the famous French songstress, Edith Piaf, heard them. Struck by their originality and spark in song and comedy, she engaged them for a tour of Europe, which proved tremendously successful.

Les Compagnons soon became the toast of Paris and all of France. Their career has been highlighted by show-stopping appearances all over Europe and by their recordings of "I Believe" and "The Three Bells," the latter selling over a million copies. They can point with pride to their acknowledged collectors—Queen Elizabeth of Belgium, Igor Stravinsky, Greta Garbo, Lily Pons, Noel Coward, Marlene Dietrich, and thousands of others. They record for Columbia and Angel.

## HELIX WHIRL

Jerry Westphall held a party in his home last Saturday night. Lots of guys n' gals spent the evening dancing and roasting hot dogs in the patio . . . The Duchesses had a joint meeting with the La Mesa Hi-Y Tuesday night. Dancing to records took up the evening for all those who attended . . . .

**QUEEN OF PARADE—**

Congratulations to two Helix lassies, Connie Mastorakos, who was selected as Princess of the Mother Goose Parade which will be held Nov. 20, and Janice Jowett who will be Maid of Honor.

**J. V. CHEERLEADERS—**

Helix voted for their J. V. Cheerleaders last week. Those on the ballot who came out on top were: Lou Gene Early, Darlene Chase, Dickie Murdock.

**MUSKET FUED—**

Next Thursday night the Helix Green Wave will meet the Grossmont Foothillers at Helix Stadium. The out-come of the game will determine who will hold the "musket" for the year.

**HOMECOMING—**

Helix High held their Homecoming day Friday. An assembly was presented that afternoon. Some of the alumni members got together to make up a small band. MC Bob Turnbull introduced the fellows with such names as Hawk-eye Hart, Giggles Grant, Jingles Julian, Wobble-legs Welbaum and Crazy-man Cross. The band played such selections as "Rudzinski's Un-finished Touchdown."

The candidates for Homecoming Queen were then introduced by Ronnie Svalstad. Pat Adams, Glen Crosbie, Dale McGlagan and Sue Bledsoe, last year's song and cheer leaders were present, once again leading some of their songs and cheers. The assembly was a tremendous success.

That night the Helix Gridiron clashed with the El Cajon Braves in the Highlanders Stadium. Helix took honors, smashing the Braves 35 to 13. Dave Olson took credit for two of the touchdowns, with Duane Rudzinski scoring with a 65 yard run, and Ron Palermo a 75 yard run. Dick Cunningham chalked up the remaining TD.

At the half, Mike Spinnazola crowned Lauree Bratcher as Homecoming Queen. Lauree's attendants were Leilani Rose, Patsy Drake and Patsy Burke. The Queen reigned over the Queen's Ball, the after game dance in the Green Room, immediately following the game.

# Helix Drama Department Produces Thanksgiving Pageant In Story, Song

A verse choir will be a special feature this year of the Thanksgiving Pageant, to be held at Grossmont Auditorium, Wednesday, November 23, at 8:15 p.m., according to John Schwediman, head of the Helix High School drama department. The choir will narrate the Thanksgiving Story and will present special numbers. Donald E. Tarr, speech instructor, will conduct the choir.

Walt Whitman's, "I Hear America Singing," is a musical number being added by Robert A. Rue, Helix choral director.

Dorothea Bonsignore, new Helix English and Social Studies teacher, is writing the narration for the pageant. She has had five plays produced, four of which were prize winners. Her plays are as follows: "The Doors Swing In," "The Tonsorial Artiste," "Summer Snow," "A Professional Attitude," and "The Storm Within," which is based on a poem from Robert Browning, "Parphyia's Lover," and was produced by the San Diego chapter of the Browning Society. The others were produced by groups in San Diego. She has also written and published several short stories. Mrs. Bonsignore graduated from San Diego State College with "distinction in English" plus honors for special achievements in creative writing.

The First Thanksgiving will be portrayed by characters in Pilgrim dress.

The famous scene of the Marines raising the flag in Iwo Jima, on Mt. Suribachi will be portrayed.

The old colonial mansion and mountain back drops will be done by art classes directed by Clarence Jasmagy, Helix Art teacher. Other scenery will be done by the production crew.

Programs will be published by the graphic arts department.

The make-up crew will be selected from Mr. Schwediman's drama classes.

Committees are as follows: Business managers, Andy Wyatt and Duke Kelley; Sound technicians, Stanley Waldrop and Harold Hawkins; electricians, Bruce Grimmer and Dave Zastoupil; secretary, Virginia Kitchen; set construction, Bruce Grimmer, Andy Wyatt, Dave Zastoupil, Jack Gaskins, Jim Valentine, and John Jaspers; costume mistresses, Virginia Kitchen and Mary Kloos.

Special lights provided are about eight baby spots, one eliptoid, three or four long range spots, and two large flood lights.

## Ballantyne Buick Pares Car Prices

A. L. Ballantyne, El Cajon Buick dealer announces that Buick is instituting some price cuts in connection with the 1956 models introduced in El Cajon last week. The price of the 1956 estate wagons will be reduced from $226 and $169, and the price of air conditioning units in the new cars will be cut $150.

On the other 16 models in the 1956 line, there will be price increases from $33 to $103. "This is an average of only 2.5 percent, a very modest reflection of increased labor and material costs," Ballantyne said.

The new models contain 88 styling and engineering advances, including a new double action Dynaflow transmission, higher horsepower and completely re-engineered chassis, Ballantyne said.

At the same time that the new models were announced, Ballantyne became exclusively a Buick dealer so far as new cars are concerned, having released the Chevrolet dealership. However, he will continue the Chevrolet servicing and will maintain a complete stock of Chevrolet factory parts and equipment for service.

LIEUTENANT GOVERNOR-ELECT NAT L. EGGERT of District 11 of the Kiwanis International and Bob Coles, secretary-elect of the El Cajon Valley Kiwanis and Chairman of Public Relations Committee, along with George Cox, president-elect of the ECVK, William D. Hurst, pastor of the First Presbyterian Church and president of the ECVK Club, and Reverend John H. Engle, special representative of the Goodwill Industries of San Digo County, gang up on Sam Altshuler, Chairman of Underprivileged Children Committee to show what they mean by "Goodwill Day" under the support of the Churches Committee Chairman, Bill York. It is the hope of Bill York, not shown in the above picture, what he means by supporting this new "first" of the club to support a worthy cause. York would like to see the entire lawn of the Library Park loaded with articles to support their club's collection day, November 17. It is requested that all gifts be on hand by 12 noon. If there is enough, maybe they will let Sam out of the bag. Be a Goodwiller and make it the best Goodwill day in the valley, urges Bill York.—Staff photo

TOMMY SMITH

## 'Hammerhead Hardware' Caters To La Mesa's Weekend Builders

Tommy Smith held the grand opening of his new hardware store at 7712 University avenue in La Mesa, last Friday, and more than one person asked where he had dug up the name of "Hammerhead Hardware" for the store.

It seems that while Smith was in the Navy during the last war, one of the most impressive sights he saw was a huge hammerhead ship building crane that had been unscathed in the Japanese bombing of Pearl Harbor. All through the four years that he remained in the Navy, when the ship would come in sight of Pearl Harbor, the first land mark that he saw was the hammerhead crane. The name stuck with him, and ended up on the front of his store.

Smith has introduced something new to the La Mesa area in that he has a hardware store that is fitted to the needs of the 'weekend builder.' He has avoided the contractor-builder's stock such as roofing, siding, etc., and concentrated on hand tools, paints, plumbing supplies, electrical fixtures and housewares.

Faye, Tommy's wife, will assist in the operation of the store. She is the color expert for the home decor, and will help with selection. Faye, as a housewife, is also an expert on the housewares that are in stock.

Tommy has gone another step farther by offering free delivery service in the La Mesa area, and says, "No order is too small" for such service. Coupled with this service, home handymen will appreciate the Sunday hours from 9 a.m. to 4 p.m.

Many La Mesa housewives will remember Tommy Smith as a popular driver-salesman for Mrs. Conklin's Bakery, throughout a great part of La Mesa for a number of years, and Tommy has said that he would like all of his many friends to visit him in his new store.

Smith also operates the Sudsmaster Water Softener store next door to the Hammerhead Hardware store, and is prepared to service all types of water softener systems at greatly reduced prices for the salt chemicals.

# Old Timer Takes Hand In Signal Light Campaign

There is one gentleman of El Cajon who has taken a great deal of interest in the campaign for a traffic control light at the intersection of Chase avenue and El Cajon. As a matter of fact his interest has been such that he has taken it upon himself to canvass from door to door getting people to sign over 100 petition coupons. He is John Schlottman.

Schlottman is 76 years old, and has been a resident of El Cajon in the vicinity of this dangerous intersection for more than 17 years. He was a general contractor until he retired because of a crippling attack of arthritis, and has built many homes along South Lemon avenue and in this general area. He has watched the danger increasing at the intersection as the area built up.

Schlottman is a widower now and resides at the Travelers Motel. Daily he sits in a patio and watches traffic on El Cajon boulevard.

"If there were just five or six of us that would get out and have more of these coupons signed, we would really set the State on their ear. They wouldn't be able to refuse us," Schlottman concluded.

## Children Form Music Group 'Little Hot Shots'

Beverly Mae Wilson, 9-year-old entertainer, has, with two San Diego children, formed a unit called the "Little Hot Shots." The other children in the group are Lynette "Cookie" Winters, 9, and Steven Hammer, 10.

The two girls both play guitars, and young Hammer plays the accordion.

Their first appearance is tonight at the San Diego Club, with local television star, Joe Graydon of KFMB-TV.

## DO YOU WANT TO PREVENT A TRAFFIC DEATH?

I, as a citizen, petition the California State Highway Engineers to install a traffic control signal at the intersection of El Cajon Boulevard and West Chase Avenue. I make this request in view of the accidents, injuries, and death which have occurred there I feel that such a traffic control signal will help prevent further accidents which are caused by the adverse conditions at this intersection, and feel that such a precaution will serve to prevent accidents to my neighbors, my family, and myself.

I further am convinced that a traffic control signal at this intersection will be of considerable benefit to the other intersections between Chase Avenue and the traffic signal at Main Street and Magnolia Avenue. It will break the traffic flow to allow vehicles to enter El Cajon Boulevard from streets on the east side, without the hazard which presently exists.

Eva Murray

Mr. and Mrs. Leo Guthrie were house guests of the Dick Murrays over the weekend. They were all guests at Mr. and Mrs. Al Adams of Alpine for dinner Saturday evening.

Mr. and Mrs. Harry Duncan are proud grandparents. The young man was born in Los Angeles to Mr. and Mrs. Marshall Duncan, and weighed in at 7 lbs. and 9 ozs.

Valle's was the scene for the lovely surprise birthday dinner given to Mrs. Miles Vance by her brother and sister-in-law, Mr. and Mrs. Wilbert Palmer. Those helping Evelyn celebrate were: her husband, Miles, Mr. and Mrs. Phillip Starr, Mrs. Helen Kuhner, and Mr. and Mrs. Wilbert Palmer.

Mr. and Mrs. Ed Harrison are grandparents. Their daughter, Norma, was the "Belle of Lakeside," two years ago. Mr. and Mrs. Charles Rodriguez are the proud parents. Bring that boy around; we would all like to see him.

The Lakeside Opti-Mrs. Club is having a Turkey Dinner-Basket. The lucky winner will be announced on Nov. 19, and will not have to purchae a thing for his Thanksgiving dinner. A 20 lb. turkey along with all the fixings will be in the basket. Get your tickets from any of the Opti-Mrs.

The Ladies Aux. of the VFW Carter Smith Post 5867 had a visit from the First District President, Mrs. Ann Deloury. This was her inspection trip for the year. We will have a Pot Luck dinner on Nov. 16. The girls voted to sponsor a Girl Scout troop and also donated to the shoe fund of the local PTA.

Don't forget the VFW turkey shoot at the local trap grounds on Nov. 20.

All persons who have signed up to help on the Civilian Defense program and those who wish to help, are urged to attend the next meeting, held at the Lakeside Union School on Woodside at 7:30 Friday.

The VFW Post and Auxiliary of Lakeside took their colors to the Massing of the Colors at the Organ Pavilion in Balboa Park Sunday. This was in honor of Veterans Day, Nov. 11. It was certainly a sight to see.

Mrs. John Hunter and Mrs. John Andrews were co-hostesses at the Woman's Club meeting. Games were played and a Pot-luck dessert was enjoyed by all. The next meeting will be Nov. 10 at the Kiwanis Hall. The entertainment will be furnished by the Lakeside Union School Band and Glee Club. These groups are under the direction of Mrs. Milner and Mrs. Mennoni. Guests are invited. The meeting will start at 1:30.

These ladies would like to have others join them Thursdays at 9:30 a.m.

**RUMMAGE SALE DRIVE ON**

Lakeside PTA certainly has a novel way of collecting rummage for the sale to be held in National City, Dec. 14. Friday morning, members in cars preceded the school buses and picked up objects that were too large to be brought to school by the children. Collection will continue all through this month.

Some of the items desired are: old clothing, used and clean, pots, pans, dishes, lamps pictures, small tables, chairs and linens. Overstuffed furniture is not being accepted.

# CIRCLE & SQUARE

by Leona Little

Have you met the November Heartland Couple of the Month? Be looking for Yvonne and Carl Farrar who are representing Balance N'Swing.

**Square Eighters**

There were 20 squares dancing it up amidst goblins and ghosts at La Mesa Veterans' Hall on Oct. 26 when Square Eighters held their costume party. Everyone enjoyed the live music of the Double R-B Trio and the calling of Gladys Rongey, Al Lindsley, Clarence Montgomery, Stan Bryan, who assisted Helen and Pete Mighetto at the mike. Prizes for costumes went to "witch" Lu Hanson and "devil" Martin O'Brien. Responsible for the timely decorations and the serving of those wonderful homemade pumpkin pies were Lucille and Harvey Womack, Doris and Art De Jong, Helen Brewster, Eleanor Holmes and Marge Shipherd.

**Lemon Eighters**

The Lemon Eighters hosted Dancin' Dudes at their masquerade party in Friendship Hall on Oct. 27. Guest callers on hand to assist Stan Bryan were Marion and Tom Ashton, Clarence Montgomery, Gladys Rongey, Janice Bryan, and juniors, Linda Bryan and Wendy Pueschel. The H and H Tunetwisters produced the live music. Prizes for the best costumes went to Edith Rhodehamel, who respresented a pig, and to Bruno Pueschel, who came as a begger.

**Calico Twirlers**

Calico Twirlers also outdid themselves with their Halloween decorations for their dance on Oct. 27 in Spring Valley Hall, when they hosted their intermediate class. There were skeletons, witches and colorful streamers and a "trick or treat" bag for each person. With 17 squares dancing to the calling of Tom Montague and Bill Keller, and using noise makers for cutting in, the rafters really did ring. The entire Calico Twirlers Board worked on the decorations and served the traditional cider and doughnuts.

**Alpine Allemanders**

Over 12 squares attended the Alpine Allemanders' Halloween party on Oct. 30 with guest representing Calico Twirlers, Bobbin' Robins, Cajon Square D's, Merry Whirlers, Country Squares and Square Wheelers.

The H and H Tunetwisters played and Mike Cady, Jack Smith, Eddie Michael and Ralph Rickley assisted Bion Henderson with the calling. It was a costume affair with prizes for the best costumes going to La Verne and Sam Coffman. He was garbed as an oriental lady and she was a rough and tough hillbilly boy. There were cider and doughnuts of course.

**Four Leaf Clovers**

The Square Notes furnished the music for the Four Leaf Clovers' Haloween dance on Oct. 30. Helen and Pete Mighetto, costumed as king and queen, were assisted in calling by Ron East and Smitty Smithwick. Hosts and hostesses for the occasion were Letha and Jarry Gardner, Betty and Leonard Crane and Lauralee and Don Chemberlain. During intermission Floretta and Alberta Sarantos and Betty Hale, garbed as flappers, did the Charleston for a most appreciative audience. Door prizes were a delier, won by Frank Sladek and a ceramic ash tray, won by Joan Smithey. Raffle prizes were a ceramic vase, won by Dorothy Briscoe and a Halloween cake, won by Jack Ball. Esther Evans — that clever girl! — made the ceramics and the cake.

**Circle Eight**

Oct. 30 was also the date of Circle Eight's "Cottons and Levis" dance at Spring Valley Hall. The decoration committee, consisting of Winnie Miller, Kay Lehton, Virginia MacDonald and Juanita Close decorated the hall with the usual cornstalks, witches and cets but the streamlined scarecrows with mask faces made by Winnie Miller were outstanding. Assisting Roy Close at the mike were Bill Keller, Jim Hutton and Ron East. Guests were Mary Helen and Kenneth Crane, Alberta and Harold Drew, Radelle and Vic Carlson, Bette and Bill Keller. Spaghetti and meat balls were served after the dance.

Another Heartland Federation Hoe Down had La Mesa Junior High School packed with squares as they danced to the music of the Square Notes. The first half of the program was emceed by Juan Frank, the second half by Hoppy Hopkinsons. Callers were Juan and Don Frank, Tom Montague, Gladys Rongey, Kip Muse, Marion Ashton, Roy Close, Bill Keller, Hoppy Hopkins, Ralph Miller, Helen and Pete Mighetto, Wally Riggs Stan Bryan and Jack Wiebe.

## 'Mortals, Immortals' In Science Sermon

That all may find their heritage as children of God is emphasized in the Lesson-Sermon on "Mortals and Immortals" given in the Christian Science churches Sunday. The Golden Text is from Romans (8:9), "Ye are not in the flesh, but in the Spirit, if so be that the Spirit of God dwell in you."

Paul says in his epistle to the Galatians, after explaining the difference between a servant and a son, "Wherefore thou are no more a servant, but a son; and if a son, then an heir of God through Christ" (4:7).

"The real man is spiritual and immortal, but the mortal and imperfect so-called 'children of men' are counterfeits from the beginning, to be laid aside for the pure reality" reads a correlative passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy. (p. 409)

## Lake Murray Village Community Unit Opens Sunday, 1400 Homes Planned

Opening of Lake Murray Village Home Community, Unit One, Sunday, in North La Mesa, marks a milestone in the progressive history of the area. The tract of 400 acres will ultimately be a village of 1400 homes, complete with modern shopping center, according to Arthur L. Lynds, one of the proprietors of the Hobart-Southern Company, owners and developers.

The present development of Unit One represents an investment of over $1,440,000. In addition to the six 3- and 4-bedroom model furnished and unfurnished homes, there are 90 other homes in various stages of construction and it is claimed a number will be available for occupancy by Christmas.

Lake Murray Village is ideally situated on Lake Murray Boulevard and is just 20 minutes from downtown San Diego via the Alvarado Freeway. The large Shopping Center should be completed at an early date and all city improvements are in and paid.

Lake Murray Village homes are planned and engineered for families who need a larger, better home, comprising the newer conveniences and features of California's way of "Indoor-Outdoor Living" and sound value for every dollar of cost. Rooms are generous in size, exteriors are attractive, each home has been color-planned throughout and has a fabulous Blue Flame Kitchen equipped with the pick of nationally advertised gas appliances, all color co-ordinated. Lots are generous in size. Each home has a two-car garage and prices ranging from $12,800 to $18,150 in Unit One include basic landscaping.

Lake Murray Village Homes are Hobart Quality Homes, designed and built by an organization that since 1942 has enjoyed an enviable reputation for individuality, quality and superior craftsmanship, the builders say.

In addition to the Model Homes, visitors to Lake Murray Village will have an opportunity to see demonstrations of the Blue Flame Kitchen Appliances by the home economist-trained "Blue Flame Hostess," as well as other interesting exhibits in the Hobart Showcase, an 800 square-foot display of features of the Lake Murray Village homes.

To reach Lake Murray Village, go north on Lake Murray Boulevard from 70th and Alvarado Freeway. Look for the signs, the Model Homes and Hobart Showcase.

## GREEN and GRAY SPORTS

by

RICK SUTHERLAND

Helix celebrated its homecoming and thrilled the returning grads with a convincing 35 to 13 win over the El Cajon Braves, Friday night at the Helix stadium.

The Highlanders dominated the play from the opening kickoff, as the spirited by outmanned Braves seemed stunned by Helix's explosive attack.

**HELIX SCORES**

The Highlanders scored the first time they got their hands on the ball, as halfback Dave Olson raced 20 yards around end for the initial tally. Duane Rudzinski, Helix fullback, scored later in the first period on a 65-yard jaunt up the middle. Olson capped a 21 point quarter with a brilliant 75-yard punt return.

The Green Wave unlimbered its passing arm next, as quarterback Bob Schultz tossed a perfect strike to end Dick Cunningham for a six pointer. Gary Dunn then kicked his fourth of five conversions, and the score at half time was 28 to 0.

**BRAVES STRIKE BACK**

After the intermission Helix added its fifth and final touchdown, a sparkling 75-yard offtackle gallop by sophomore Ron Palermo. At this point, the Braves finally started to move against the Helix reserves, as Coach Tom Welbaum cleared the bench. With Bob Contreras at the controls, the Braves ground out two long scoring drives. The T.D.'s were tallied by Jim Edmonds and Ted Matlock.

**SATISFYING VICTORY**

The win was a well deserved one for the Highlanders and it placed them in the enviable position of first spot in the Metro circuit. Next week the opponent will be old-rival Grossmont High in the traditional battle for the "Feudbuster." Barring an upset, the Helix grid machine should face the Chula Vista Spartans with an undefeated league slate in the Metro League's big game on the Helix turf, a week from Friday night.

---

**BASKETBALL'S ON THE WAY**

Coach Bob Divine officially opened basketball season Monday with the start of daily drills. The Highland hoopsters are very optimistic about their chances this year and are expecting a high finish in the Metro loop.

These hopes are based on the six returning lettermen from last year's squad, forwards Lynn Aase and Ron Svalstad, guards Duane Rudzinski, John Drumm and Gael Barsotti, plus center Mel Robinson. This will be the same team that placed third in the high school basketball league this summer.

The bulk of the squad are members of the football team and Coach Divine faces a few anxious moments in the early season games while they get in shape.

**FUN PUPPY SHOW**

Puppies will romp Sunday at Del Mar Park, when the local branch of the AKC holds a Fun Puppy Match. All favorite breeds are scheduled, from Beagles to Pekes. Judging begins at 12. The public is invited.

## High School Seniors Compete To Win G.M. Scholarships

Senior students of schools in the Grossmont Unified High School District are being offered opportunity to compete in the General Motors National Scholarship Plan, according to high school principals. The plan provides for 100 four-year scholarships, at least one in every state and 50 at large, at any college or university of the successful contestant's choice and in any field of study.

Registration for the second year of the plan is under way now. Eligible to participate are high school seniors, boys and girls, who are United States citizens and who plan to take the College Entrance examination for admission to a school of their choice or who take the examination in order to enter the competition for a General Motors scholarship.

Selection of award winners in the General Motors plan will be the responsibility of a group of leading educators representing various parts of the country.

Lee Anderson of Grossmont won a scholarship in 1955 and now attends Cornell University.

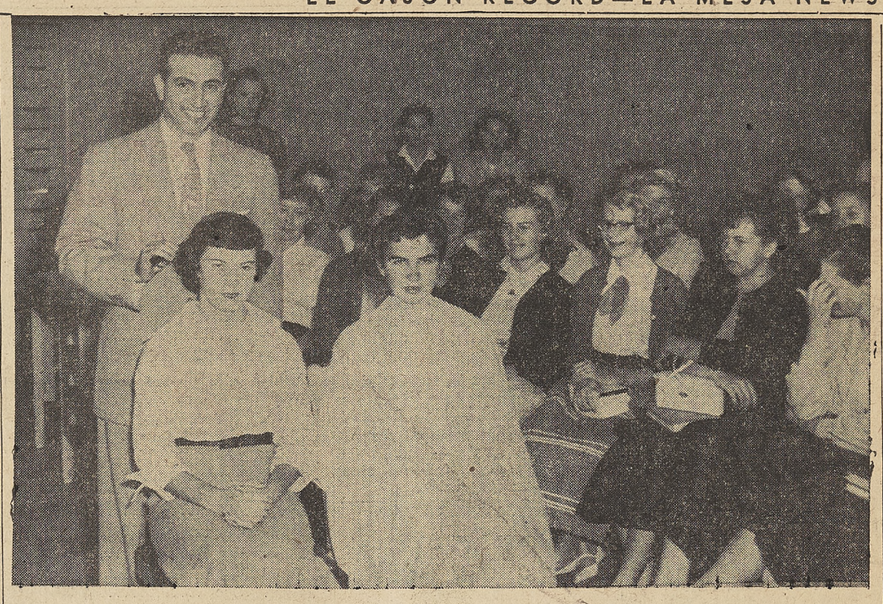
Present seniors may secure information regarding this year's competition form their counselors at El Cajon Valley High, Grossmont or Helix.

## Square Dancers Hail Fiesta de la Cuadrilla In Balboa Park

Balboa Park will be literally swarming with square dancers during the November 11 weekend, the time set for the fifth annual "Fiesta de la Cuadrilla." The festival annually attracts thousands of square dancers, and this year, as a dress rehearsal for the 1956 National Square Dance Convention which will be held here next June, it promises to be better than ever.

The opening event will be a free "South of the Border" square dance Friday evening, November 11 in Tijuana. The following Saturday and Sunday programs include square and round dance clinics, callers and round dance swap shops, entertainment, impromptu dancing, a fashion show and chuck wagon dinner, an afterparty, fiesta breakfast, and of course the square dances to be held in three large halls.

The giant square dance cavalcades to be held in Balboa Bowl both Saturday and Sunday at 1:30 p.m. will be of interest to everyone and they will be free to the public. The Saturday demonstrations will be performed by junior dancers and the adult dancers will participate in the Sunday cavalcade.



FUTURE HOMEMAKERS—Mr. Rudolph of Rudolph's Hairstyling Salon, 137 South Orange avenue, El Cajon, recently gave a demonstration of hairstyling to fit facial types to girls of Grossmont's Homemaking classes. He is shown demonstrating his art to Charlene Wyatt, left, with a hairstyle for a slender face, and Phyllis Byrum, right, with a style for a more oval face. Rudolph has lectured at EC Valley High and Grossmont this year. The teacher was Mrs. Schmidt.

**VICTORY ! !**

Helix High met at Chula Vista for the first league game Friday night against Sweetwater High. At the half they were trailing, but tallied a score of 19 to the Red Devils' 7, placing Helix in first place of the Metro League standings with Chula Vista. Dave Olson went over the Helix goal line twice, while Duane Rudzinski scored the remaining touchdown.

This week the Highlanders will play against El Cajon High at Helix for their homecoming game. Nominations for homecoming queen are Lauree Bratcher, Patsy Burke, Connie Mastorokus, Patsy Drake and Leilani Rose. The queen will reign over the game and after game dance.
